Sample Approach: 25% sample of youth ages 12-21 receiving services in NYS OMH Specialized Treatment Programs (Residential Treatment Facilities, Family Based Treatment, Teaching Family Homes, HCBS Waiver, & Community Residences).

## 2007 CMHS Uniform Reporting System Output Table

General Notes: NY, FY2007

Table Number	General Notes
18	Medicaid claims does not have a separate field for Hispanic ethnicity. Since table 18 combines state and community services data for the entire state MH system, state pharmacy data is also reported in the combined race/ethnicity block.
21	Medicaid claims does not have a separate field for Hispanic ethnicity.
All	NY uses different data sources for the URS tables because no one source has all the information. In some of our data sources, race and ethnicity are separate variables. In others, they are combined.
