URS Table Number	General Notes
5A & 5B	Payor source is defined as the "First Payor Billed," which in the case of Medicaid is also usually the ultimate payor for the service. "Medicaid (only Medicaid)" is an unduplicated count of those for whom Medicaid was the First Payor Billed for the last service provided during the state fiscal year. "Non-Medicaid Sources (only)" is an unduplicated count of those for whom some payor source other than Medicaid was the First Payor Billed for the last service provided during the state fiscal year. In DBHS' annual consumer satisfaction stratified random sample survey, recipients are asked how much of the services received were paid for by Medicaid. For 2009 for adults (n= 417), 42% indicated that all services were paid for by Medicaid, 20% indicated that some of the services were paid for by Medicaid and 38% indicated that none of the services were paid for by Medicaid.
