Note:
This table uses data from URS/DIG Table 14a, Table 14b and from the US Census Bureau. All denominators use US Census data from 2008

US totals are calculated uniquely for each data element based on only those states who reported clients served.

Regional groupings are based on SAMHSA's Block Grant Regions.

Note:

Admission Rate= number of admissions divided by total served during the year

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS/DIG Table 3.

This table uses data from URS/DIG Table3 and 6.

General Notes FY 2009**West Virginia**

URS Table Number	General Notes
3, 6	Individuals may be transferred between state operated facilities and other psychiatric hospitals. In order to have an unduplicated count, the initial hospital of admission is used to determine the admission category. The length of stay is based on the initial admission site. The ALOS for Other Psychiatric Hospitals of 54 days represents the LOS for individuals initially admitted to the psychiatric facility not the LOS spent at the facility. The number of admissions to State Operated Hospitals does not include the number of people transferred there from Other Psychiatric Hospitals.
15	Living arrangements for 965 youths after leaving the shelter is not known because no services were received after leaving the shelter.
