URS Table Number	General Notes
3, 6, 20	In 2016, one state hospital had a significant decrease in capacity due to various reasons including, renovations to upgrade the facilities and assurances the hospital was not over census. This has resulted in a decrease in the total number of consumers served by state psychiatric hospitals.
4/4A	Employment status is collected for all KS adult mental health consumers at admission. Monthly updates to employment status are collected for adults with SPMI while they are receiving specialized services. Totals represent the employment status of consumers admitted or updated during FY15.
8	FY2016 experienced significant decrease in salary expenditures due to high turnover and associated vacancies; which in turn has resulted in the decrease of total MHBG expenditures for non-direct service activities.
15	Living situation is collected for all KS mental health consumers at admission. Monthly updates to living situation are collected only for adults with SPMI and children with SED while they are receiving specialized services.
