#### Note:

##### Are Client Counts Unduplicated?

Unduplicated

Number of States with Unduplicated Counts

43

This table uses data from URS Table 2a, Table 2b and from the US Census Bureau. All denominators use US Census data from 2015

US totals are calculated uniquely for each data element based on only those states who reported clients served.

Regional groupings are based on SAMHSA's Block Grant Regions.

#### State Notes:

##### Table 2a

Age	Age calculated as (6/30/2015-dob)/365.25
Gender	None
Race	Asians increased substantially due to better identification and Hispanics declined for the same reason. Hispanic race category is a temporary one which is expected to continue declining.
Overall	Reported Client count is less than previously reported because duplication due to matching this time was much less than before as we have SSN from Avatar and Medicaid ID for most of MOTS clients.

##### Table 2b

Age	Age calculated as (6/30/2015-dob)/365.25
Gender	None
Race	Both Hispanic and non-Hispanic counts increased relative to earlier reports due to better identification as a result of which the Unknown Hispanicity declined substantially.
Overall	Reported Client count is less than previously reported because duplication due to matching this time was much less than before as we have SSN from Avatar and Medicaid ID for most of MOTS clients.

**Note:**  
This table uses data from URS Table 14a, Table 14b and from the US Census Bureau. All denominators use US Census data from 2015

US totals are calculated uniquely for each data element based on only those states who reported clients served.

Regional groupings are based on SAMHSA's Block Grant Regions.

**State Notes:**

Table 14a

Age Age calculated as (6/30/2015-dob)/365.25

Gender None

Race More detailed race identifications are used in the Medicaid system in 2015 than in 2014 so we are likely to have more minority clients including Asians and American Indians. The distribution of primary diagnosis codes also affects the client count.

Overall None

Table 14b

Age Age calculated as (6/30/2015-dob)/365.25

Gender None

**Note:**

This table uses data from URS tables 5a and 5b.

**Type of Medicaid Data Reported**

Data based on Medicaid Paid Services

People Served by Both includes people with any Medicaid

State Notes

5a Age None

5a Gender None

5a Overall There is a large shift to Medicaid only due to the expansion and a change in databases from CPMS to MOTS and from OPRCS to AVATAR both of which provided better matching reducing double counting.

5b Overall None

APPROPRIATENESS DOMAIN: NUMBER OF ADMISSIONS DURING THE YEAR TO STATE HOSPITAL INPATIENT AND COMMUNITY-BASED PROGRAMS, FY 2016

Note:

Admission Rate= number of admissions divided by total served during the year

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS Table 3.

This table uses data from URS Table3 and 6.

Table 3 State Notes:

Age	Age calculated as (6/30/2015-dob)/365.25
Overall	None
Gender	None

Table 6 State Notes:

Hospital	None
Other Inpatient	None
Residential	No admission and discharge dates are collected after CPMS is closed so no LOS. Admissions are new patients in 2015 while discharges are those who were in residential in 2015 but not in January 2016.
Community	Admit and discharge dates are not collected so Admissions are unduplicated # of individuals. Those served at the beginning of the year are individuals served in January of 2015.
Overall	None

Gender TOTAL	7,857	10,707	18,564	20,659	42%	50%	38.0%	24.5%	58

What populations are reported?      Outpatient recipients only      Number of States Reporting All Clients: 40      Number of States Reporting Some Clients: 18

When is Employment Status Measured?	At Admission	At Discharge	Monthly	Quarterly	Other
OR	Yes	-	-	-	-
US	43	28	3	7	26

#### Note:

\*In Labor Force is the sum of consumers employed and unemployed.

\*\*With Known Employment Status is the sum of consumer employed, unemployed and not in labor force.

Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data from URS Table 4.

#### State Notes:

Age                      None

Gender                      None

Overall                      The numbers reported are low because there is no mandatory reporting to MOTS as it used to be in CPMS which we no longer use.

## Outcomes Domain: Employment Status of Adult Mental Health Consumers Served in the Community by Diagnosis, FY 2016

### Oregon

Diagnosis	State				Employed as a % of Labor Force		Employed as % of Known Employment Status		% of Consumers with Dx		States Reporting

This table uses data from URS Table 15.

#### State Notes:

The decline in the numbers of private residence and homeless shelter client counts are due to a change in database from CPMS to MOTS and also, especially for the homeless, the fact that most of the clients for the 2016 report came from Medicaid data.

**Note:**

US totals are based on states reporting.

This table uses data from URS Table 15.

US totals are calculated uniquely for each data element based on only those states who reported numerator (clients served) data.

**State Notes:**

The decline in the numbers of private residence and homeless shelter client counts are due to a change in database from CPMS to MOTS and also, especially for the homeless, the fact that most of the clients for the 2016 report came from Medicaid data.

# CONSUMER SURVEY RESULTS, FY 2016

STATE: Oregon

Forensics included in "non forensic" data? No

**Note:**

US totals are based on states reporting.

This table uses data from URS Tables 20a and 20b.

State Notes:

None

**Structure Domain: Federal Mental Health Block Grant Expenditures for Non-Direct Service Activities, FY 2016**  
**Oregon**

Service	Non-Direct Block Grant Expenditures	% Total	US % Total
Technical Assistance Activities	-	-	30.1%
Planning Council	-	-	4.3%
Administration	-	-	25.8%
Data Collection/Reporting	-	-	9.4%
Other Activities	-	-	30.4%
Total	-	-	100.0%

Note: This table use data from URS Table 8.

**State Notes:**

We cannot report these expenditure items as they are not tracked by item independently in our accounting system.

**STRUCTURE DOMAIN: State Mental Health Agency Controlled Expenditures for Mental Health, FY 2015****STATE Oregon**

	<b>Expenditures: State</b>	<b>Percent of Total Expenditures: State</b>	<b>Expenditures: U.S.</b>	<b>Percent of Total Expenditures: U.S.</b>
State Hospitals-Inpatient	\$221,400,000	20%	\$8,340,684,868	22%
Other 24-Hour Care	\$164,700,000	15%	\$6,326,751,257	17%
Ambulatory/Community	\$728,500,000	65%	\$22,187,984,421	59%
Total	\$1,118,100,000	-	\$37,767,897,721	-

**Note:**

Other 24-Hour Care includes state psychiatric hospital and community based other 24-hour as well as community based inpatient expenditures.

Ambulatory/Community includes expenditures for less than 24-hour care services provided at state psychiatric hospitals. It excludes community based other-24 hour and community based inpatient expenditures.

Total also includes additional SMHA Expenditures for research, training, administration, and other central and regional office expenditures.

Data from NRI's Funding Sources and Expenditures of State Mental Health Agencies, FY 2015 reports - Table 18 "SMHA-Controlled Expenditures for Mental Health Services."

U.S. totals are based on 50 states reporting.

More information on the State Mental Health Agency's Revenues & Expenditures as well as State Footnotes can be found on the NRI website:

## Oregon

URS Table Number	General Notes
9, 11, 11A 19A, 19B	Sampling methods were adjusted for the YSS-F and Adult Outpatient MHSIP consumer surveys conducted in 2016: 1) Samples were adjusted to include a minimum number selected within each CCOs (214 for youth, 244 for adults); 2) The youth sample date range in 2015 was set at 8 months (May-Dec) instead of the usual 6 months (Jul-Dec) 3) The adult sample date ranges was set at 6 months (July-Dec) 4) Clients with no mental health services other than Evaluation and Management procedures were excluded from the sample frame.
16	The increase in total number of Children with SED is based on primary diagnosis and is likely to oscillate with what happened in the billing patterns.
19A/B	Not able to differentiate between consumers in service for at least 12 months from those in service for less than 12 months.
16	The number of children with SED varies across years depending on the distribution of primary diagnosis codes during the year, that is some children identified last year with non-SED dx codes could be identified with SED dx codes this year.
17	Medication Management: we are no longer reporting this item because we have no mechanism to identify this service from our claims database sine APA (American Psychological Association).
19A	All adult client survey respondents were asked the same 3 questions about their arrest history: 1) Were you arrested in the 12 months before you started treatment with your current (or most recent) outpatient mental health service provider? (Yes, No, Don't know) 2) Were you arrested in the first 12 months after you began seeing this provider? (Yes, No, Don't know) 3) Encounters with police include being arrested, hassled by police, or taken by the police to a shelter or crisis program. Since you began receiving services from this provider, have your encounters with the police... (Decreased (gone down); Increased (gone up); Stayed the same; Doesn't apply (no encounters with police))
19A	All YSS-F respondents were asked the same 4 questions about their child's arrest history: 1) Encounters with the police include being arrested, hassled by police, or taken by the police to a shelter or crisis program. Has your child ever had an encounter with the police? (Yes, No, Uncertain) 2) Since your child began to receive mental health services from this provider, have his or her encounters with the police... (Decreased (gone down); Increased (gone up); Stayed the same) 3) Was your child arrested in the 12 months before starting treatment with this provider? (Yes, No, Don't know) 4) Was your child arrested in the first 12 months (or less) after starting treatment with this provider? (Yes, No, Don't know)
19B	All YSS-F respondents were asked the same 7 questions about school suspensions and expulsions: 1) During the time your child was served by his or her most recent mental health services provider, did your child attend a public or private school? (Yes, No, Uncertain) 2) Was your child suspended from school during the 12 months before he or she began seeing his or her most recent mental health services provider? (Yes, No, Don't know) 3) Was your child suspended from school in the first 12 months (or less) after he or she began seeing his or her most recent mental health services provider? (Yes, No, Don't know) 4) Was your child expelled from school during the 12 months before he or she began seeing his or her most recent mental health services provider? (Yes, No, Don't know) 5) Was your child expelled from school in the first 12 months (or less) after he or she began seeing his or her most recent mental health services provider? (Yes, No, Don't know) 6) Since my child has started to receive mental health services from this provider, the number of days my child has been in school is... (Greater than before; About the same as before; Less than before; Does not apply) 7) Please select reason why this does not apply. (My child had no problem with attendance before starting services; My child is too young to be in school; My child was expelled from school; My child is home schooled; My child dropped out of school; Other)
