Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data for URS/DIG Table 4a.

3, 6, 20A	DIG staff are reviewing methodology for consistencies and inconsistencies to explore possible changes in the service data. In addition, DIG staff will review data with DHHS Office of Adult Mental Health Services to explore policy/practice change that may be resulting in increased utilization of state psychiatric hospitals.
12	DIG staff are reviewing methodology for consistencies and inconsistencies to explore possible changes in the claims data. However, changes in eligibility policies for SED related services has resulted in a decrease of SED related services.
16	Supported housing numbers are based on data from Bridging Rental Assistance program and Shelter Plus Care for SFY10. Both programs fund supported apartments in community locations. Supported housing counts are obtained from the Office of Adult Mental Health Services and is not extracted from the MaineCare claims system. IDs in the housing database do not match with IDs in the MaineCare Claims System.
