<sup>1</sup> Estimates in the Total column are for all persons aged 18 or older, including those with unknown mental health treatment/counseling.

<sup>2</sup> Mental Health Treatment/Counseling is defined as having received inpatient care or outpatient care or having used prescription medication for problems with emotions, nerves, or mental health. Respondents were not to include treatment for drug or alcohol use. Estimates were based only on responses to items in the Adult Mental Health Service Utilization module. Unmet Need for Mental Health Treatment/Counseling is defined as a perceived need for treatment that was not received. Respondents with unknown treatment/counseling information were excluded.

<sup>3</sup> The Other Employment category includes retired persons, disabled persons, homemakers, students, or other persons not in the labor force.
