\*Low precision; no estimate reported.

<sup>1</sup> Respondents with unknown data were excluded.<sup>2</sup> Respondents were able to select multiple categories of persons that they would talk to about a serious problem, including the choice of "nobody." Respondents who reported both a person that they would talk to and that they had nobody to talk to were excluded from the analysis.<sup>3</sup> Special occasions, such as weddings, funerals, or other special events, were not to have been considered in the number of times attended religious services.
