[1] The Total column includes respondents with unknown pregnancy status.

[2] Respondents aged 18 to 22 who were living in a college dormitory were excluded.

[3] Respondents could indicate multiple types of health insurance; thus, these response categories are not mutually exclusive.

[4] Other Health Insurance is defined as having Medicare, military-related health care, or any other type of health insurance.

[5] Pregnant females aged 15 to 44 not reporting trimester were excluded.
