**General Notes FY 2017****New York**

<b>URS Table Number</b>	<b>General Notes</b>
7	Data for the 2017 SFY was not yet available.
7 & 7A	Regarding crossing table 7 with 7A: unfortunately, the fiscal division cannot break out the data in 7 to reflect the corresponding dollars in 7a this year.
15A	Values in this table have been affected by the change over from ICD-9 (DSM-IV) to ICD-10 (DSM-V) groupings
17	This year we do not have the data to help inform the issue of Family Psychoeducation, our collection efforts related to this topic have been “on hold” for the duration of the period above.
21	Psychiatric inpatient readmission data may be incomplete. For example, a readmission would not be included if it occurred after a person lost Medicaid eligibility, or if a person was hospitalized out of state or in the Veteran's Administration system.
