* = low precision; -- = not available; da = does not apply; nc = not comparable due to methodological changes; nr = not reported due to measurement issues.

[a] The difference between this estimate and the 2019 estimate is statistically significant at the .05 level. Rounding may make the estimates appear identical.

[1] Respondents aged 18 to 22 who were living in a college dormitory were excluded.

[2] Respondents could indicate multiple types of health insurance; thus, these response categories are not mutually exclusive.

[3] Other Health Insurance is defined as having Medicare, military-related health care, or any other type of health insurance.

Definitions: Measures and terms are defined in Appendix A.
