State Notes

5a Race Race not available includes clients that identified as 'other' race (N = 19,412) and clients that identified as Hispanic race (N = 1,915)

5a Gender Non-Medicaid clients increased because their demand fluctuate widely as they occur randomly. The decline in those served by both Medicaid and non-Medicaid funds is due to the fact that most of those served by the latter are not Medicaid eligible.
