## General Notes FY 2020

### Delaware

URS Table Number	General Notes
6	Covid disrupted the ability to effectively discharge from inpatient (positive cases and restrictions in the community) which increased the LOS and decreased the number of admissions to State hospital and had ripple effect on other inpatient settings.
7	Medicaid and Other Federal Admin is blank as we did not have any expenses for Mercer Human Resources during FY20. Spending shifts as a result of Covid related shifts to match changes in the provider network (providers temporarily closing or reducing contacts) and increase service utilization in other areas.
7A	CSC Training - the Contract for ROT goes thru Sept 2020. Invoice for services was received after the FY20 year in July, 2020. Therefore no expenses hit for this contract this year.
8	Unable to conduct training because of Covid
9/11	Survey Collection affected by the pandemic that caused the transition from face to face to web-based and virtual collection.
16 & 17	Providers have submitted higher than usual unusable annual CRF data. The information used to calculate Table 16 is drawn off our regular CRF and Annual CRF data. The annual CRF data contained higher than usual unusable data for fiscal year 2020. As a result our numbers do show a significant decrease.
