

Maine 2020 Mental Health National Outcome Measures (NOMS): SAMHSA Uniform Reporting System

Utilization Rates/Number of Consumers Served	U.S.	State	U.S. Rate	States
Penetration Rate per 1,000 population	8,013,396	47.22	24.58	58
Community Utilization per 1,000 population	7,801,366	47.20	23.93	58
State Hospital Utilization per 1,000 population	125,305	0.28	0.38	53
Other Psychiatric Inpatient Utilization per 1,000 population	408,959	2.68	1.47	40

Adult Employment Status	U.S.	State	U.S. Rate	States
Employed (Percent in Labor Force)*	776,983	49.4%	47.1%	57
Employed (percent with Employment Data)**	776,983	15.3%	23.6%	57

Adult Consumer Survey Measures	State	U.S. Rate	States
Positive About Outcome	78.7%	79.6%	49

Child/Family Consumer Survey Measures	State	U.S. Rate	States
Positive About Outcome	93.3%	74.6%	45

Readmission Rates:(Civil "non-Forensic" clients)	U.S.	State	U.S. Rate	States
State Hospital Readmissions: 30 Days	7,008	7.9%	9.2%	48
State Hospital Readmissions: 180 Days	15,085	14.1%	19.9%	49
State Hospital Readmissions: 30 Days: Adults	6,499	7.9%	9.4%	48
State Hospital Readmissions: 180 Days: Adults	13,916	14.1%	20.2%	49
State Hospital Readmissions: 30 Days: Children	509	0.0%	7.3%	16
State Hospital Readmissions: 180 Days: Children	1,169	0.0%	16.7%	19

Living Situation	U.S.	State	U.S. Rate	States
Private Residence	4,199,185	87.8%	84.7%	57
Homeless/Shelter	216,731	2.4%	4.4%	52
Jail/Correctional Facility	72,275	0.1%	1.5%	51

Adult EBP Services	U.S.	State	U.S. Rate	States
Supported Housing	70,648	-	2.3%	30
Supported Employment	66,662	0.9%	1.9%	41
Assertive Community Treatment	66,159	8.5%	1.8%	42
Family Psychoeducation	37,853	-	3.1%	16
Dual Diagnosis Treatment	199,597	-	9.5%	24
Illness Self Management	308,378	70.9%	19.1%	22
Medications Management	545,051	14.6%	31.3%	21

Child/Adolescent EBP Services	U.S.	State	U.S. Rate	States
Therapeutic Foster Care	13,178	1.4%	1.7%	21
Multisystemic Therapy	31,303	1.4%	4.1%	20
Functional Family Therapy	31,817	0.9%	5.8%	15

Change in Social Connectedness	State	U.S. Rate	States
Adult Improved Social Connectedness	92.8%	79.2%	46
Child/Family Improved Social Connectedness	98.0%	88.4%	42

*Denominator is the sum of consumers employed and unemployed.

**Denominator is the sum of consumers employed, unemployed, and not in labor force.

Maine

URS Table Number	General Notes
4/4A	OBH did not have access to requested data for this table in prior years, due to enhanced reporting capabilities in 2020 we are now able to provide the data.
5A/5B	In previous years, State of Maine has been unable to report Non-Medicaid Funding; this year OCFS was able to include the number of children served by State General Funded contracts. We do not have access to private insurance information.
6	OBH did not have access to requested data for this table in prior years, due to enhanced reporting capabilities in 2020 we are now able to provide the data.
7	Funding from MHBG increased as did the ability for providers to more fully expend their contract allocations within the grant period. Change in state expenditures is largely due to the fluctuation in expenditures related to the State Hospital. Although there were year-to-year changes in other activity areas, this large change is primary due to the State Hospital activity. Other Expenditures – the \$370,771 reported Other expenditures on the prior year report was done so in error and should have been included within the State Expenditures. This was resolved on this year's report. State Hospital expenditures for this Activity include RPC and DDPC. OBH does not manage the hospital budgets, however both state and federal expenditures fluctuate quite significantly year-to-year in looking at a historical trend. The majority of the other 24-hour care expenditures are related to the State's Medicaid Seed accounts; these are MaineCare related expenditures that are not monitored through an OBH contract. These expenditures make up most of this activity area. There was a fluctuation in State Funds which was due to a slightly increased baseline budget and OBH working with providers to ensure that allocations and revenues are being maximized. Administration—OBH & OCFS went through a period of time when the offices had several vacancies. With vacancies, an increase in IT costs, along with normal increases in rent and other general operating expenses—this is why there is an increase reflected.
7A	In SFY20 an addition to the contract was to report out the expenditures for Training and Planning Practices.
8	The modification that increased the Total Block Grant and the FEP in the amount on Table 10 was, on the previous filing, reported on Table 8 as non-direct service resource development activity when it should have been reported as direct service.
9	There was an increase in MaineCare members diagnosed with substance use disorder, which is likely attributed to MaineCare expansion which broadened the amount of members served significantly, resulting in an increase in individuals receiving treatment.
12	OCFS obtained access to youth SUD data for SFY20, We have not had access previously. We are attributing the increase in co-occurring MH with SUD to COVID and Medicaid expansion allowed individuals who were affected by SUD to recognize they were also eligible for Mental Health services.
15A	OBH did not have access to requested data for this table.
15	For adults: OBH did not have access to requested data for this table in prior years. Due to enhanced reporting capabilities in 2020 we are now able to provide the data.
16	OBH does not currently have evidence based supported housing program that follow an evidence based model therefore, we are unable to report. Supported Employment: OBH did not have access to requested data for this table in prior years, due to enhanced reporting capabilities in 2020 we are now able to provide the data. Foster Care Treatment decreased - fewer children entered foster care in SFY20 than in SFY19. FFT increased: A rate study and subsequent rate increase occurred which resulted in increased capacity for treatment modality.
17	OBH is unable to report the numbers receiving Integrated Treatment of Co-Occurring Disorders, however OBH is taking measures to ensure improved data collection will occur next year so that this data will be captured. OBH did not have access to requested data for this table in prior years, due to enhanced reporting capabilities in 2020 we are now able to provide the data.
19A	For adults: OBH will not be able to complete due to inability to pull the data from data sources, next year Maine will utilize the MHSIP consumer survey tool, recommended by SAMHSA for adults in order to collect this data.
19B	OCFS utilized the YSS-F survey tool and previous years the YSS-F was not used so data was not available.
21	OBH did not have access to requested data for this table in prior years, due to enhanced reporting capabilities in 2020 we are now able to provide the data.
