

2021 Uniform Reporting Summary Output Tables Executive Summary

State Mental Health Agencies (SMHAs) compile and report annual data as part of their application package for SAMHSA's Community Mental Health Block Grant. These compiled data constitute the Uniform Reporting System (URS).

The URS is comprised of 21 tables that are developed by SAMHSA in consultation with SMHAs. The 2021 URS Output Tables present findings from 59 states and U.S. territories. Each output table provides summary information on the SMHA clients served in 2021: sociodemographic characteristics of clients served, outcomes of care, use of selected evidence-based practices, client assessment of care, insurance status, living situation, employment status, and readmission to state psychiatric hospitals within 30 and 180 days. Key data highlights are listed below:

- In 2021, 8,195,517 clients received SMHA services from 59 states. This is an increase from 8,013,396 SMHA clients in 2020. There were 5,789,234 adults (or 17.3 per 1,000), 2,175,848 children (or 29.9 per 1,000) served. About 9,311 (0.1 percent) clients were missing age data.
- Among SMHA clients, there were 4,342,545 (53.0 percent) females served while there were 3,806,666 (46.4 percent) males served. In 21 states and U.S. territories, more SMHA males were served than females. While in 38 states and U.S. territories, more SMHA females were served.
- The age distribution among SMHA clients was the largest among ages 25-44 with 32.9 percent, followed by ages 45-64 with 23.6 percent, children ages 0-12 with 14.8 percent, and children ages 13-17 with 12.1 percent.
- The highest percentage of SMHA clients that were served was among the White population with 58.1 percent, followed by Black or African Americans with 17.9 percent, and only 15.7 percent for Hispanics.

New York 2021 Mental Health National Outcome Measures (NOMS): SAMHSA Uniform Reporting System

Utilization Rates/Number of Consumers Served	U.S.	State	U.S. Rate	States
Penetration Rate per 1,000 population	8,195,517	43.05	24.59	59
Community Utilization per 1,000 population	7,974,393	40.08	23.93	59
State Hospital Utilization per 1,000 population	114,987	0.37	0.36	53

Note:

Admission Rate= number of admissions divided by total served during the year

US Admissions During Year uses data from states reporting data only. States are only included in "US Total Served" if they also reported data on admissions.

US Total Served During Year is calculated using data in URS Table 3.

This table uses data from URS Table 3 and 6.

Table 3 State Notes:

Age	None
Overall	Community MH includes all settings except inpatient. State Hospital and RTC (SFY 4/2020-3/2021). Institutions under the Justice System includes prison-based components of CNYPC. See General Comments for details regarding Other Psychiatric Inpatient.
Gender	None

Table 6 State Notes:

Hospital	SFY 2020 MHARS dataset; includes forensic facilities.
Other Inpatient	See General Comments.
Residential	SFY 2020 Residential Tx Center for Children (CAIRS).
Community	Source: Patient Characteristics Survey (2019). Data excludes persons who were only in inpatient settings during year. Estimates based on admission date: "Beginning of year" over 1 yr before survey; "admissions" less than 1 year before survey.
Overall	Individuals are duplicated across the state hospital, other psychiatric inpatient, RTC, and community settings.

What populations are reported? Data excludes persons in institutional settings, jails and correctional facilities.

Number of States Reporting All Clients: 35

Number of States Reporting Some Clients: 15

When is Employment Status Measured?	At Admission	At Discharge	Monthly	Quarterly	Other
NY	-	-	-	-	Biennially
US	37	23	4	9	20

Note:

*In Labor Force is the sum of consumers employed and unemployed.

**With Known Employment Status is the sum of consumer employed, unemployed and not in labor force.

Consumers employed as a % of those in labor force uses adults employed and unemployed as the denominator.

Consumers employed as % of known employment status uses the sum of persons employed, unemployed and not in labor force as the denominator.

This table uses data from URS Table 4.

State Notes:

Age None

Gender None

Overall Source: Patient Characteristics Survey (PCS 2019). 95% Confidence Interval for the total population is 754,868 to 925,541

Outcomes Domain: Employment Status of Adult Mental Health Consumers Served in the Community by Diagnosis, FY 2021

New York

URS Table Number	General Notes
9, 11, 11A	Child/Adolescent Consumer Survey data was not conducted in 2021 due to COVID, so we are using data from 2020 FACS survey. Adult Consumer Survey data is from 2021.
3,6,15A	Other Psychiatric Inpatient includes persons in general hospital psychiatric units (with the exception of those with abortion and/or HIV/AIDS flags) from SPARCS and Medicaid recipients served in private psy. hospitals (CY 2020).
6	Other Psychiatric Inpatient includes persons in general hospital psychiatric units (with the exception of those with abortion and/or HIV/AIDS flags) from SPARCS and Medicaid recipients served in private psy. hospitals (CY 2020). For CY 2020, Other Psychiatric Inpatient data reflected that there were no clients of age '0 to 17' (children) who stayed in facility more than a year and hence the length of stay for Residents aged '0 to 17' at end of year in this service category is not available The closure of beds and unit reshuffling/reassignment might have resulted in less admission to state hospitals and thereby LOS.
7	According to the Financial division the Data for this table is not available
7A	According to the Financial division the Data for this table is not available
19A	The file New York State Office of Mental Health received from New York State Division of Criminal Justice Services (DCJS) for this project includes only unsealed events. According to DCJS, the arrest counts for recent years, especially this year were substantially lower as many of the prior or previous years arrests were resolved and sealed in the intervening time.
21	Race Not Available includes Hispanic based on Race category 3,721 total, 629 - 30 readmission and 1,499 -180 day readmissions. See comment under table 21

Errata Sheet to 2021 URS Output Tables

This page includes clarifications and corrections to 2021 URS Output Tables.

APPROPRIATENESS DOMAIN: Living Situation of Consumers Service by State Mental Health Agency Systems, FY2021

The table counts and percentages have been updated due to a processing error in the “Not Available” category.

APPROPRIATENESS DOMAIN: Adults with SMI and Children with SED Receiving Evidence-Based Services for First Episode Psychosis (FEP), 2021

The table counts and percentages have been updated in “CSC-FEP Fidelity and Training State” and “Clients Served by Programs With and Without CSC-FEP Fidelity” due to a processing error in counting several fidelity programs.
